Parents Weekend

A Novel

Alex Finlay

From Alex Finlay, the author of *If Something Happens to Me*, comes an action-packed new thriller, *Parents Weekend*.

Summary

In the glow of their children's exciting first year of college at a small private school in Northern California, five families gather for a night of dinner and cocktails for the opening festivities of Parents Weekend. As the parents stay out way past their bedtimes, their kids—five residents of Campisi Hall—never show up at dinner.

At first, everyone thinks that they're just being college students, irresponsibly forgetting about the gathering or skipping out to go to a party. But as the hours click by and another night falls with not so much as a text from the students, panic ensues. Soon, the campus police call in reinforcements. Search parties are formed. Reporters swarm the small enclave. Rumors swirl and questions arise.

Libby, Blane, Mark, Felix, and Stella—The Five, as the podcasters, bloggers, and TikTok sleuths soon call them—come from five very different families. What drew them out on that fateful night? Could it be the sins of their mothers and fathers come to cause them peril, or a threat to the friend group from within?

Told through multiple points of view in past and present—and marking the return of FBI Special Agent Sarah Keller from *Every Last Fear* and *The Night Shift*—*Parents Weekend* explores the weight of expectation, family dysfunction, and those exhilarating first days in the dorms when our friends become our family.

No One Was Supposed to Die at this Wedding

A Novel

Catherine Mack

The second in a witty, *USA Today* bestselling series following author Eleanor Dash as she goes from wedding guest to murder mystery investigator at her best friend's wedding on Catalina Island.

Summary

Attending your best friend's wedding should be a piece of (wedding) cake, but not for Eleanor Dash, bestselling author of the Vacation Mysteries series. Because murder seems to follow her every time she goes on vacation and is definitely her uninvited plus-one to the special occasion.

Emma Wood, Eleanor's best friend since childhood, is starring in the movie adaptation of *When in Rome*, Eleanor's first novel. Emma is also marrying Fred Winters, a major movie star and Emma's co-star, who just happens to be playing Connor Smith, Eleanor's ex and leading man of the series.

Filming wraps and they invite the whole cast and crew to their wedding at nearby Catalina Island. There may be a storm headed their way—because of course there is—but nothing will stop their nuptials . . . that is until Emma receives a note that says "Someone is going to die at the wedding."

Eleanor is a professional at this point, and she'll do everything she can to uncover the murderer so true love can prevail . . . before it's too late for her and the rest of the storm-trapped wedding party.

Death at a Highland Wedding

A Rip Through Time Novel

Kelley Armstrong

***Death at a Highland Wedding* is the fourth installment in *New York Times* bestselling author Kelley Armstrong's gripping *Rip Through Time* Novels.**

Summary

After slipping 150 years into the past, modern-day homicide detective Mallory Atkinson has embraced her new life in Victorian Scotland as housemaid Catriona Mitchel. Although it isn't what she expected, she's developed real, meaningful relationships with the people around her and has come to love her role as assistant to undertaker Dr. Duncan Gray and Detective Hugh McCreadie.

Mallory, Gray, and McCreadie are on their way to the Scottish Highlands for McCreadie's younger sister's wedding. The McCreadies and the groom's family, the Cranstons, have a complicated history which has made the weekend quite uncomfortable. But the Cranston estate is beautiful so Gray and Mallory decide to escape the stifling company and set off to explore the castle and surrounding wilderness. They discover that the groom, Archie Cranston, a slightly pompous and prickly man, has set up deadly traps in the woods for the endangered Scottish wildcats, and they soon come across a cat who's been caught and severely injured. Oddly, Mallory notices the cat's injuries don't match up with the intricacies of the trap. These strange irregularities, combined with the secretive and erratic behavior of the groom, put Mallory and Duncan on edge. And then when one of the guests is murdered, they must work fast to uncover the murderer before another life is lost.

Summary

Marguerite Gray is a lifestyle icon known for her garden parties, high-end business ventures, and being the muse behind the famous Serge Kuhnert painting, *Marguerite by the Lake*. Her presence is overpowering, her taste, legendary. For the last few years, Phoenix has been the gardener on the famed Rosecliff grounds, home of the Gray family: Marguerite and her husband Geoffrey. Phoenix came from humble beginnings, and now she works hard to craft the landscape that underpins Marguerite's brand.

When a storm threatens the launch party for Marguerite's latest book, it's Phoenix who spots the danger to the guests and rushes to Geoffrey's side to save him from a falling tree. Geoffrey is grateful—perhaps too grateful. Marguerite is . . . jealous. Phoenix senses the danger of being drawn deeper into their lives but can't resist the attention, becoming embroiled in an affair that could destroy her career.

But soon after the affair begins Marguerite falls to her death, from the same high point at Rosecliff where she posed for *Marguerite by the Lake*. Now Phoenix has another secret, one that haunts her even as Geoffrey invites her to move into the manor with him. A secret that Detective Hanna and Marguerite's daughter—her spitting image—are circling closer and closer to. Phoenix tries to put it all behind her and find her rightful place at Rosecliff. Under the supervision of Captain Archie Blandings, a charming intelligence officer based in Lisbon, Ellie meets with undercover operatives to track down where Toby might be hiding from the Nazis and whether they are too late to safely recover him, all the while fighting her feelings for Ramsey and the incessant burden of war looming around her at every turn.

His office might be a little bit of a dump, but he's excited to make a change.

Andy goes to the shelter to adopt a dog, where he meets his beloved golden retriever, Tara, for the first time and feels an immediate connection. The shelter is crowded and Tara's been sharing space with a dog named Sonny; Andy hates to break them up and so asks to take Sonny, too, but since there's a pending criminal case involving the owner, he'll need to get written permission for temporary possession.

Andy discovers that Sonny's owner, Ryan Tierney, has been arrested for the murder of his ex-boss. But he takes an immediate liking to Ryan and his clear dedication to his dog, and ends up with his first case along with the two dogs.

This prequel to the long-running and perennially popular Andy Carpenter mysteries is a gift for fans and a terrific entry-point for newcomers.

Rage

A Novel

Linda Castillo

In this new installment of the Edgar Award winning series, Chief of Police Kate Burkholder investigates a brutal double murder that takes her into the dark underbelly of Amish society.

Summary

Summer has arrived with a vengeance in Painters Mill, and a macabre discovery by three Amish children brings the quiet to a grinding halt. Chief of Police Kate Burkholder arrives on scene to find the dismembered body of 21-year-old Samuel Eicher, a local Amish man who owned a successful landscaping business. What twisted individual murdered him in such a sadistic way?

The investigation has barely begun when, miles away, a second body is found, stuffed into a barrel and dumped in a ravine. The deceased is *21-year-old* Aaron Shetler, Samuel Eicher's best friend. What could these two young Amish men have done to deserve such violent ends?

With a heat wave bearing down, Kate learns quickly that, for reasons she doesn't understand, no one is willing to talk about what happened to the men. Just as she begins to fear the case may be hopeless, a mystery woman comes forward and reveals that fun-loving Aaron and Samuel had recently befriended some very unsavory characters---individuals who may have ties to a larger, more sinister, black market.

To solve the case, Kate must delve into the most sordid corners of her community, but when she gets too close, the killers target Kate herself. Will the secrets simmering beneath the surface of Painters Mill take another life before she can expose the truth? Or will Kate be the final victim?

The Blue Horse

A Porter Beck Mystery

Bruce Borgos

A controversial wild horse round-up in the high desert of Nevada results in two murders and too many suspects for Sheriff Porter Beck to deal with.

Summary

A helicopter driving a controversial round-up of wild horses suddenly crashes and the pilot is found to have been shot. Then the person coordinating the round-up for the Bureau of Land Management is savagely murdered, buried up to her neck and then trampled to death by the very same wild horses. And there's no lack of suspects—with the wild horse advocacy group having sworn to protect the horse At Any Cost! Now the state and federal agencies are showing up looking for answers or at least a scapegoat.

Sheriff Porter Beck has had better days.

Porter Beck's new girlfriend, Detective Charlie Blue Horse, arrives to help with the investigation, which leads them to Canadian Lithium mining operation near the round-up area that sets off Beck's mental alarm bells. Brinley, Beck's sister, is leading a group of troubled kids in a wilderness program, when one of them, Rafa, bolts one night. When Brinley catches up to him, they're just outside the mine—in the wrong place, at the wrong time.

With his personal life in turmoil, too many suspects and too many secrets, the feds pushing for a quick resolution, and his impetuous (if skilled) sister in the mix, one wrong step could be deadly for Porter Beck.

There Will Be Bodies

A Flavia Albia Novel

Lindsey Davis

A decade after the destructive eruption, Flavia Albia finds herself investigating family secrets and possible crimes buried in the ash of Mount Vesuvius.

Summary

In first century Rome, Flavia Albia—daughter and successor to Marcus Didius Falco—is once again faced with uncovering the truth. Quite literally. Only ten year's previous, Mount Vesuvius erupted and rained ash down about the Roman cities and towns along the Bay of Naples. But while some cities were destroyed, others were merely badly damaged. And the uncle of Flavia Albia's husband seizes the opportunity to buy a villa...cheap! It just has to be dug out of the ash, and restored. Oh, and any bodies uncovered, including the previous owner, given a proper burial.

And as the Villa is being renovated, there are indeed bodies found. But one is not like the others—instead of buried in the ash, the previous owner's body is found in a locked storeroom and Albia is immediately suspicious that he didn't die in the eruption. With suspicious caretakers, a large inheritance, untrustworthy friends and a Sicilian pirate sniffing around, Albia must solve the riddle of a long ago death, maybe murder, to prevent another one.

A Meg Langslow Mystery

Donna Andrews

Donna Andrews returns with her latest charming addition to the bestselling Meg Langslow mystery series.

Summary

Meg is in the backyard of the house her brother Rob, Delaney, and their new baby have moved into, supervising some workmen who are using a bulldozer to start digging out a duck pond. She wants to get away from her own house, which has become the staging site for Caerphilly's first Mutt March, which will be held the next day. Meg thinks it will be more peaceful at Rob's house--and it is until the bulldozers uncover a skeleton whose skull has a hole and a bullet rattling around inside.

Meanwhile, Chief Burke begins searching the police records to see if he can identify any missing persons who would fit the bill. He doesn't turn down Meg's offer to help with his identification efforts, and she begins looking in the library and talking to old-timers. She's all the more eager to help because Iris Rafferty, who sold the house to Rob and Delaney and still lives in the mother-in-law suite, disappears the morning after the finding of the body . . . does her disappearance have anything to do with finding the body? Was it voluntary? Or was she kidnapped--possibly by the prowlers who are spotted lurking around the half-finished duck pond at night? Gone in the Night

A Detective Annalisa Vega Novel

The fifth installment of the beloved Annalisa Vega series

Summary

Detective Annalisa Vega hasn't forgiven her brother for his role in a murder, and he hasn't forgiven her for turning him in, so she's surprised when he asks her to visit him in prison. Turns out, he has a possible case for her: one of his fellow inmates, Joe Green, may be innocent of the murder that landed him behind bars.

Joe is doing hard time for killing his ex-wife's lawyer, but an anonymous letter sent to the prison warns that the eyewitness in Joe's trial made up her story. With her private investigation business foundering, Annalisa is desperate enough to start poking around into Joe's meager case. She immediately finds two problems: One, the eyewitness definitely lied about what she saw the night of the murder, and two, Annalisa's husband Nick was the cop who arrested Joe in the first place.

Faced with correcting Nick's mistakes, Annalisa digs deeper into Joe's past and discovers he has two ex-wives with nothing good to say about him. The women may have orchestrated an elaborate frame to put Joe in prison, but one wife has completely disappeared since then. Did Joe somehow kill her? Or is he the real victim? Annalisa's search for the truth tests the bounds of her marriage, her family, and her own sense of justice. Meanwhile, a devious killer keeps sending men to a watery death in the vastness of Lake Michigan. If Annalisa doesn't figure out the truth about Joe soon, her husband might be next.

Not even one that dredges up her own painful past.

In the shadow of the Blue Ridge, Annie begins to track the truth, navigating a decade's worth of secrets, folklore of witches and crows, and a whole town that prefers to forget. But while the case may have been buried, echoes of the past linger. And Annie's arrival stirs someone into action.

Forget Me Not

Stacy Willingham

A riff on the power of sisterhood and the danger of secrets from the *New York Times* bestselling author of *A Flicker in the Dark* and *All The Dangerous Things*.

Summary

Claire Campbell's big sister died twenty-two years ago when she met up with an older man in a 90's chat room. Now, he's on death row after confessing to the murder of another girl. After a public outburst threatens her credibility as a journalist, Claire's suspended from the newsroom. With her newfound free time, she applies for a job at Featherbank Farm, a coastal vineyard in South Carolina, on a whim. Even better, it's only an hour away from where she and Natalie grew up and Claire is desperate to get some closure on her sister and set her life back on track.

At first glance, Featherbank is idyllic and full of nostalgia for Claire. Soon though, she stumbles across an old diary written by one of the farm owners. In the folds of a love story overtaken by manipulation and control that's uncannily similar to what happened to Natalie, pieces of unsolved crimes surface in the diary. Is something more sinister happening at Featherbank? If Claire can piece together enough evidence to solve these cold cases, she could definitely get her job back. And she can't ignore the feeling that, somehow, Natalie's death is tied to this all. Featherbank was supposed to be the place to help her forget, but with every secret she uncovers, she realizes that may be impossible.
